

Dear Friends of the Children's Dyslexia Centers of New Jersey,

On Monday, May 11, 2026, we will be holding the Teddy Bear Golf Outing. This outing is one of the largest fund raisers held on behalf of the Children's Dyslexia Centers of New Jersey. Each year the tournament has exceeded the previous year's contribution to this phenomenal charity, and it is your sponsorships which makes this success possible

New Jersey's Learning Centers for Children is the only program of its kind. We teach children with dyslexia to read and do it for a nominal registration fee. Dyslexia is an inherited disorder in the brain that affects a child's ability to read and comprehend the written language. Dyslexia is best treated by a one-on-one approach using all the child's cognitive senses and is cost prohibitive for the public-school systems to treat in this manner. Over the years we have taught hundreds of children afflicted with dyslexia and have also trained over three hundred teachers throughout our school systems to both recognize and help educate students with this disorder.

We request your support in helping us making the lives of these at-risk children and their families better and providing them the opportunity to achieve everything for which they hope and strive. Please assist us by purchasing a sponsorship at our tournament.
